Deuel School District's Belief Statement:

Everyone in the community contributes to the education of the children in our schools.

Therefore, we are committed to:

Personal responsibility and accountability.

Respecting others and maintaining an open line of communication in the district.

Providing opportunities and resources for individual success.

Maintaining and communicating high academic and professional standards and expectations.

Introduction

The Deuel School Board supported a district wide strategic planning process to help to inform the Board about future goals for the district. A specific survey was prepared to assess responses that represented these specific groups:

- Deuel students in grades 6-12
- Staff members of the Deuel School
- Parents of Deuel students
- Deuel community members

The survey was conducted between mid-January and early February (2021). The response rate was very good with 262 student responses and 56 staff responses. The parent / community survey had 251 responses.

The data compilation from the surveys were shared with the School Board and administration at a previous school board meeting.

Focus group meetings, involving both internal and external stakeholders were held to turn survey themes into goal statements and to devise action steps to accomplish the stated goals.

The following themes were identified and are shared in this document along with an implementation schedule and specific action steps.

SCHOOL DISTRICT ACTION PLAN

Goal Area	ACADEMICS	
Goal:	1) The Deuel School District will improve their academics, specifically raising their SBAC and ACT Scores. 2) The Deuel School District will review and assess the use and efficacy of personalized learning. 3) The Deuel School District will continue to use their formative MAPS assessment and track student growth both individually and summatively.	
Metrics:	SBAC advanced and proficient scores to increase by 5% at the district level, and ACT composite score of 22. MAPS growth assessments, annual 60% above median RIT Score for students.	
Implementation Timetable		
Action Steps	Individual Responsible	Projected Date of Completion
1. The district will conduct an in-depth data retreat to review graduation rates, test scores- (portal-claims and targets-content standard crosswalk blueprint), curriculum alignment, disciplinary and behavior issues etc. annually. This data will be used to drive future PD and be geared to help students who are struggling or who are behind grade level expectations	Professional Consultant paid for with ESSER funds. School Board, Administration, & all teachers	2021-2022 School Year and ongoing
2. The school board will form a committee of parents along with staff members who see academic benefits of personalized learning to visit further about the pros and cons. The committee would be charged with communicating personalized learning components to the board and provide updates.	Board committee members / parents / teachers	2021-2022 School Year and ongoing
3. Research ACT test prep strategies, nationally and locally, to create a before/after school program for high school students. This program would be taught by subject area experts and the curriculum would be based on available ACT prep information. The program would start prior to the ACT test dates during the school year. Classes would meet regularly either before, during, or after school. There will be a concentrated effort to implement an ACT prep class during the school day during the current school year and subsequent years. Teachers would need to be compensated for these extra hours taught outside their normal work schedule.	High School Principal / Counselor / Subject Matter Teachers	Fall of 2021 and ongoing

The Mission of the Deuel School District-

Empower students to become independent learners, personally accountable, and responsible citizens.

<p>4. The administration and school board will consider adding “real life and hands on” electives. There is an understanding that this has financial implications and may not be possible within the constraints of the existing budget.</p>	<p>School Board & Administration</p>	<p>2021-2022 School Year And ongoing</p>
<p>5. To ensure that the previous year test results are discussed with the previous year teacher and the current year teacher, Friday PD will be set aside for these discussions so that every student and their scores can be analyzed. This may take several Fridays.</p>	<p>Administration / all Teachers</p>	<p>2021-2022 School Year And ongoing</p>
<p>6. If the school board elects to continue with personalized learning or implement any system of change, there will be training sessions held for all parents to attend annually.</p>	<p>School Board / Administration / Teachers</p>	<p>2021-2022 School Year & Ongoing</p>
<p>7. Screen time will be monitored and may be lessened for students in the teaching and learning environment. Traditional instruction and supplies may be applicable/optional in order to provide choice for students. These issues and requests would be discussed and addressed by committee.</p>	<p>Board committee members / parents / teachers / principals</p>	<p>2021-2022 School Year</p>
<p>8. There is a concern by parents that personalized learning has created an atmosphere and culture of just getting by is OK and that there is a lack of “accountability” for the students. They are concerned about the lack of defined deadlines and expectations. These issues would be discussed and addressed by the committee of parents and teachers.</p>	<p>Board committee members / parents / teachers / principals</p>	<p>2021-2022 School Year</p>
<p>9. MAP goal setting: Teachers that utilize MAP testing, in conjunction with the building principals, will establish goal setting strategies for their students/classes. Teachers and principals will also implement incentive programs for students to promote MAP testing growth.</p>	<p>Teachers/Principals</p>	<p>2021-2022 School Year & Ongoing</p>
<p>10. Colloquium: The district will embark on a three-year training program which will provide the following in year one: history of education, building a culture of learning, mindset and educating stakeholders. Subsequent years and training will include implementation models and data analysis.</p>	<p>Teachers/Administration Parents</p>	<p>2021-2022 School Year & Ongoing</p>
